A Brilliant Speech.

In a brilliant speech, Senator Bailey of Texas, Monday attacked the pending tariff measure, denouncing the principle of protection and demanding an income tax in order that the wealthy may bear a just proportion of the country's expenses. Senator Aldrich and several other Republicans engaged in colloquies with the Texas Senator, who more than held his own, and during the latter part of his speech there were few interruptions. He later discussed the constitutionality of the income tax in continuing his speech.

Life Sentence.

The jury trying the case of Reach Hargis at Irvine yesterday found the young patricide guilty and fixed his punishment at a life time sentence in the penitentiary.

Two Light Frosts.

We have had two frosts the past week and plenty of rain during the time of it. Both of the frosts were light and nothing has been injured, but the wet weather has thrown farmers behind with their work.

THE ORDEAL IS OVER.

Taylor, Finley Etc Pardoned.

Friday the long looked for and ever expected, pardons of W. S. Taylor, Ohas. Finley and etc. for the murder or complicity of the murder of Senator Wm. Goebel in 1900 was given out by Governor A. E. Willson. He announced as his reason for so doing that he believed all men were innocent of the murder except Henry E. Youtsey, who is now serving a life sentence in the penitentiary for the crime, and that he thinks all these cases should be removed from the minds of the people by making a clean sweep of the charges, so he also issues pardons for John Davis, Harlan Whitaker and John Powers, who are too indicated for complicity.

Willson said when he was running for the office that he was elected, Taylor & Co. would voluntarily return to Kentucky, and that he would see that he had a fair trial before he would consider a pardon for him. In this the Governor failed to make his word good, but just as all thinking people knew it would happen and as the Times has all along said it would happen.

Youtsey is said to intend to ask also for a pardon as he is no more guilty than the other fellows pardoned. This is generally known and had Youtsey kept up his lying and denial of the charge he could also have been pardoned, instead, however he confessed to the crime and gave out the secrets of the murder—told on the boys, and for this cause he must suffer, not for the murder of Gov. Goebel.

Commenting on these pardons, the Frankfort State Journal says: "The Governor's pardons of Taylor, Finley and other accused murderers of Gov. Goebel have aroused a greater storm of indignation and protest than might have been expected. His pardon of Powers and Howard had somewhat prepared the way for these consequently the people are less surprised than angered. Of course there are some who quietly or secretly approve his action, but they are the people who believed that it was right and proper to kill Goebel and who have always opposed any effort to discover and punish his assassins. From such as these the governor may get some praise and consolation, but from the mass of the law-abiding, decent people of Kentucky there comes a condemnation so vigorous and so just that he must realize the grievous blunder he has made and the crime he has committed against Kentucky's good name. His last pardons, added to his already bad-enough record in that line, are no less than an outrage. It is an insult not alone to the supremacy of law, but to the intelligence of the people. It is without exception, the boldest and most flagrant exhibition of bitter partisanship and wanton violation of duty ever committed in the office of Governor since Kentucky became a State. There is not the slightest reason or palliation for it—unless it be, as was so freely charged against him in the campaign when he was a candidate for Governor, that he would bound himself by promise before the election to grant these pardons."

MOUNTZ-MOORE.

Mr. Tom Mountz and Miss Mildred Moore, of this city, were very quietly married at the home of the bride's parents, Mr. and Mrs. Ed Moore, Thursday, April 22, the Rev. Robt. N. Bush officiating. The groom is the youngest son of Mr. and Mrs. Wm. Mountz; the bride is a beautiful and lovable girl. Mr. Mountz, who returned from Mississippi a few weeks ago will remain in Clay City and engage in farming.

The Ball Game.

The Clay City crack team crossed bats again with the Winchester All Stars Sunday on the home grounds and were disastrously defeated by the uneven score of 9 to 0. The tie game on Sunday before was a little hopeful for a beginning, but Sunday's game is enough to take all the wind out of the home team rooters and set them back a mile further than they started. The boys now cling to the old maxim, "A bad start always a good ending."

As an Educator.

Without any thought of sentiment or suggestion that we owe allegiance to any one, the cold, hard truth is that the retail merchants or our home town are the best business friends we have.

The retail merchant conducts a school of commerce for our education—and the tuition is free. Every man, woman and child gets the benefit of seeing in the home town about anything that is of real importance. He protects us against fraud and deceit. He stands for the square deal.

You never ordered a \$10 lighting rod of your home merchant and then found your note for a thousand dollars in the bank next day as a result. You never paid him \$60 for a range that warped out of shape in six months—without your wife getting the money back. He never charged you \$75 for a "trailer" buggy that you found out afterwards could be bought anywhere for \$60.

"No, the home merchant is just like you. He lives where he does business and his success depends on making a friend of you and your neighbor. Like you, he has to 'make good.'"

The retail merchant is now the one great factor in our commercial system and this is true solely because he renders us better service than we can get elsewhere. Take him away and our home town is gone; take our home town away and we deprive our children of the retail store, which is the greatest single educational factor in modern life.

No, it cannot be. The retail merchant will continue to abide in our affections so long as we value our homes, because the average citizen is proud of his town (he always tells how close his farm is to it) and he secretly despises the method of peddlers—and the peddler system is now known to be the legitimate father of the whole catalogue house business.

Did you ever notice that "talk" doesn't hurt a man much? Perfection isn't looked for in man, and when some one tries to injure a man by ranting about a few faults he has, the absent one, who is probably attending to his own affairs, is elevated in the hearer's estimation, while the informant is lowered accordingly. If a man knocks along, doing fairly well, people realize that while he has some faults, he has more virtues, and they are charitable enough to overlook these faults. But it is different with a girl or woman. No matter how good and pure a woman may be, let someone start an infamous lie about her and everyone is will-

ing to pass it along, and there is always someone to believe it. That lie can never be lived down. It may burn low but gossip-loving are ready with new fuel. Did you ever think how bannably mean some goody-good people are in this respect?

To make eyeglasses more brilliant, clean them with paper money, says one writer. Yes, but how are we to get the paper money? It does seem that by the time a person gets old enough to wear glasses they ought to be able to have a dollar bill to clean them with, but four-fifths of the people who wear glasses haven't got the money.

In Five Minutes.

Take your sour stomach—or may be you call it Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diapepsin and let you eat one 22-grain Triangle and see if within five minutes there is left any trace of your stomach misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness and many other similar symptoms.

If your appetite is fickle, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is a matter of how soon you take a little Diapepsin.

This terrible calamity often happens because a careless boatman ignores the river's warnings - ripples and faster current - Nature's warnings are kind. That dull pain or ache in the back warns you the Kidneys need attention if you would escape fatal maladies—Drop-sy, Diabetes or Bright's disease. Take Electric Bitters at once and see Backache fly and all your best feelings return. "After long suffering from weak kidneys and lame back, one \$1.00 bottle wholly cured me," writes J. R. Evidence of Incapacity.

In a legal contest over in Philadelphia over the will of William Johnson Binney, who left a large estate and a legacy of \$5,000 to Dr. Mathey C. Baines, it was argued that the testator was of unsound mind. To prove this evidence was given showing that the deceased had a habit of reading only headlines in newspapers, and he wouldn't read editorials at all. They claimed this was a sign of his mental incapacity to make a will.

Words to Freeze the Soul.
